**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 07/11/2005 has been entered.

***Allowable Subject Matter***

2. Claims 1-50 allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a system for carrying out the method of processing a compressed bitstream comprising video data, the system comprising: means for parsing a portion of the compressed bitstream before motion compensation on video data included in the portion; means for creating a reference window that includes a set of reference window sub- regions, where the reference sub-region is the upper left reference window sub-region in the reference window; means for storing the reference sub-region identified by the motion information in an on- chip memory before performing motion compensation using the set of motion vectors, wherein a time that the reference sub-region and reference window is stored in the on-chip memory before performing motion compensation using the set of motion vectors comprises an estimated time to reconstruct one macro-block; and means for performing motion compensation on the video data in raster
